University of Toronto Journal

Volume 7 Issue 1

2023

*Resurgence emerges as a powerful and timely theme for exploring the complex and dynamic realities of the Caribbean region, where histories of resistance, resilience and revolution continue to shape the possibilities for social justice and transformative change.*

The Caribbean Quilt is an interdisciplinary journal focused on elucidating, challenging and redefining discussions about pertinent issues faced in the Caribbean and its diaspora. This journal highlights the dynamic dialectical relations that exist between individuals, institutions, and regional hegemonic forces through various mediums of expression.
