**4th International Conference on Evidence Based Library and Information Practice
Chapel Hill, NC, USA May 6-11, 2007**

Call for Submissions

The Evidence Based Library and Information Practice Conference (EBLIP4) is an exciting international event that has emerged in response to the growing interest among all types of libraries in using the best available evidence to improve information practice. The conference on May 6-9, 2007 in Chapel Hill, North Carolina will be followed by two days of continuing education. The conference provides a forum for the presentation of high quality papers and posters as well as examples of how EBLIP is being implemented in library and information settings around the globe.

EBLIP4 invites submissions for contributed papers and posters including both original research and innovative applications of EBLIP in library and information management. Papers that deal with library

support of evidence-based practice in other fields such as health, social work and public policy are also welcome. Full instructions to authors may be found at:
