The Research in the Workplace Award (RIWA)\* is a biennial grant that seeks to fund small LIS-led workplace research projects.

The award of £3000 GBP/\$5900 USD/\$6800 CAD aims to encourage and support those new to research. Projects can relate to any aspect of service provision, development or theory. Advice is available throughout the lifetime of your project, which should be achievable within 12 months. The award fund must constitute at least 55% of the overall project funding.

If you have an idea for a small work-based research project, why not consider applying for RIWA 2006/7?

A copy of the 2 page application form is available from:
