

## EDITOR'S NOTE

Due to a large number of accepted submissions and a relatively small backlog of submissions pending review, volume 14 of the *Journal* will consist of only the current issue, number 1. This issue, however, contains nine articles on a wide range of topics. I hope that you will find several of them of interest.

If you are considering submitting your work to the *Journal*, this is an excellent time to do so. The number of submissions pending review is relatively low. This means that review times will likely be short and the probability of acceptance will likely be high. The acceptance rate for the past four years has been approximately 58%.

I am also taking this opportunity to thank all those who have served as referees/reviewers over the period 2010-2014. They are listed below in alphabetical order. I also wish to thank Sally Govan of the Jones College of Business at Middle Tennessee State University for her assistance with the online publishing of the *Journal*.

*Christopher C. Klein*  
*August 12, 2014*
